Dear Harold,

Bremer hit the
skids in a Dumas
rush! To paraphrase
Phil Ochs, "Born an
assassin stands
accused; the trial
is always short."
(If there is a trial.)

I suspect "The
Watergate Affair"

Whoever wins, America loses.
The Assassinations provide a microcosmic view.
The opaque nature of the data is due to factions within factions.
There is no CIA.
There are CIA/DIA/.. NSA etc. factions.
"Frank Bender" does not relate to, say, Helms. As Helms differs from McCone. Helms - Cubbal - The Bundy Boys - all represent certain fiscal Boston-Banking-Trusts. A David Rockefeller - Quite different!
To the average citizen, who gets what sized slice is a moot point. He'll get crumbs - if fortunate.
Thus, a data
